

## Honeypump

Art. No. 110300-6

### Technical Data

Type of machine:	Impeller Honeypump
Capacity:	40/80 l/min (Minor/Major)
Power:	230 V or 400 V, 1,5 kW
Length:	100 cm
Width:	50 cm
Height:	61 cm
Weight:	75 kg
Item#:	110300 (Minor 230V) 110301 (Major 230V) 110305 (Minor 400V) 110306 (Major 400V)
Tarif code:	8436 9900
Packaging:	1 pcs./box

### Honeypump - Minor/Major

Bidirectional impeller pump with stainless steel body (positive displacement).

All pumps are selfpriming and specially produced for honey and run at slow speed.

The trolley/base, fittings and the pump are made entirely of stainless steel. The pump impeller is made of natural non-toxic neoprene rubber.

The Major pump has a larger pump head and larger pump capacity.

Includes quick-fittings for 2" hoses. Other fittings on request.

Delivery without plug.

Models for 60Hz available.

Never leave the machine unattended during use.
